**October Sales  
Of Nash Autos  
Set New Mark**

Record Volume of Deliveries Made by Company So Far This Year

October Nash sales and production set a new high record for that month, according to advices from the factory. "With a volume of 13,476 cars," says E. H. McCarty, Nash sales manager, "October sales and production ran 43.9 percent above the biggest previous October in the company's history." For the ten months of this year Nash has already marketed 125,141 cars, as compared to a total of \$4,708 cars for the same ten-month period of 1925, and 1925 was the biggest previous year since the founding of the company. This makes a business increase so far this year of 46.3 percent. October became the twenty-sixth consecutive month with three exceptions—the Nash sales and production have over-topped the mark registered by the corresponding month of the year previous. The three exceptions were months when production was held down purposely to make it possible to introduce new models into manufacturing. This is an unprecedented record for continuous monthly growth, and reflects the great demand from all sections of the country for the Nash product. Unquestionably the Nash achievement in introducing the seven-bearing-crankshaft motor in all models in all three series is having a widespread influence on sales already this year. In ten months total sales have risen to a figure eclipsing by 29,320 cars the grand total achieved by the entire banner year of 1925. In other words, sales this year are 30 percent ahead of total sales and production for the full twelve months last year, and November and December sales are yet to be added to this surplus.

**Rappaport's Big  
Removal Sale  
Opens Saturday**

First Dry Goods Store in Torrance Offers Many Attractive Bargains

The first dry goods store in Torrance, Rappaport's Department Store, will stage, starting tomorrow, a sale that offers, according to Sam Rappaport, the greatest bargains ever available to the buying public in this city.

The sale presages extensive remodeling of the Rappaport store, which will mark one more forward step in this business which was a pioneer in Torrance retail circles. Detailed merchandise bargains at the big remodeling event are set forth in a double-page advertisement in this issue.

The history of Rappaport's runs parallel with the history and growth of Torrance. In 1913 Sam Rappaport opened doors for business at 1406 Cabrillo avenue. He had a space 16 by 34 feet in which to conduct business. As Torrance grew, however, Mr. Rappaport acquired more space and constantly increased his stocks of merchandise. In 1923 he built the Rappaport block at Gramercy and Cabrillo avenues and moved into the spacious quarters now occupied in June of that year.

The plans for remodeling the store call for additional facilities, fixtures and stock that will double the capacity of the women's and children's ready-to-wear department. It is in preparation for the arrival of much new stock that the big remodeling sale is announced today.

The Rappaport sale is designed especially to appeal to women buyers, and a list of attractive bargains in standard merchandise are offered.

Anticipating the greatest throng of buyers that ever attended a Torrance sale, Mr. Rappaport announces that he has engaged a number of competent extra clerks for all departments so that the public will receive prompt service when the doors open for the big event Saturday morning. During the sale there will be no charges, no exchanges, no returns, no silver coupons.
